

Laurie McDonald

MANAGING DIRECTOR

A “home away from home” is what Laurie McDonald provides through her business, Canberra Furnished Accommodation. All properties are competitively priced, fully equipped and perfect for those needing convenient, quality accommodation – short or long term.

Properties range from budget one and two-bedroom units in Griffith to executive one and two-bedroom apartments in the city. The properties are ideal for those who are here on temporary assignment and visitors to the nation’s capital who seek room-to-move and the convenience of being able to cook their own meals. All properties are modern and well appointed with espresso machines, Egyptian cotton towels, high thread-count bed linen and outdoor spaces that are pleasantly furnished.

The Canberra Furnished Accommodation website is detailed, informative and definitely worth a look. Unlike a hotel, which chooses which room you stay in, with Canberra Furnished Accommodation you can look at detailed photos and a plan before booking.
